

VERIFICATION CERTIFICATE

No. 14162-02

Certificate

As a body approved by the Ministry of the Environment, Kiwa Sertifiointi Oy has issued this verification certificate in accordance with the Act on the Type Approval of Certain Construction Products (954/2012) to

AS Alistron

Mäealuse 10 B, EE-12618 TALLINN

as proof that Kiwa Sertifiointi has verified the conformance of the quality assurance of the manufacturing of the products mentioned below with the requirements set in the following Evaluation principles for verification certificate published by the Ministry of the Environment: **TR 61:2014 Liquid tank elements, solid concrete slab elements and other solid concrete elements**

Slab elements of massive concrete, other massive concrete elements and fluid reservoir elements of concrete (methods M3a and M3b)

Place of manufacture: Mäealuse 10B, EE-12618 TALLINN

The company is entitled to use the certification mark on products fulfilling the requirements. The certificate holder is responsible for ensuring that the products comply with the requirements.

The certificate is issued on 2025-03-01 (first issue 2023-11-02).

The certificate is valid until 2030-02-28.

Maija Vanttaja, Managing Director

The certificate remains valid until the expiry date, provided the requirements set in the General Rules for Product Certification and the above-mentioned product group specific requirement documents are met. The certificate can also be cancelled, should the product not fulfill the essential requirements of the Land Use and Building Act, or the statutes based on this Act. The certificate is based on initial inspection and testing carried out by the manufacturer, and Kiwa Sertifiointi Oy continuously controls, evaluates and approves the factory production control of the product. The system for the assessment and verification of constancy of performance is 2+. The validity of the certificate can be verified at www.kiwa.com/fi.
